93.80% in 10th and 94.83% in 12th   *Yeshwant Mahavidyalaya, Nanded-431601*

Projects

Movies Mania - Responsive Website | *JavaScript, API* | link, live-web
- Developed a responsive website using JavaScript and API integration for real-time movie information retrieval, implementing search functionality to quickly access detailed movie data, and designed a dynamic user interface to ensure better user engagement and experience.

FreshCart | *ReactJS* |
- Developed and deployed an intuitive online grocery store website using React JS and Tailwind CSS. The site features a user-friendly interface with dynamic product listings, interactive shopping cart functionality, and efficient state management. Implemented responsive design principles to ensure a seamless experience across various devices and integrated essential features such as product search, filters, and checkout processes.

Shopping Store | *HTML, CSS, JavaScript* |
- Designed and implemented a comprehensive shopping website , utilizing HTML, CSS, and JavaScript to create dynamic and interactive user experiences, and developed essential features such as product listings, a shopping cart, and a streamlined checkout process to enhance the online shopping experience.
